PRAIRIE HILLS GELBVIEH
ANNUAL BULL SALE
FEBRUARY 13, 2021
1 PM MST · AT THE RANCH IN DICKINSON, NORTH DAKOTA
SELLING 47 PUREBRED GELBVIEH, BALANCER, AND RED ANGUS BULLS
WWW.PRAIRIEHILLSGELBVIEH.COM

Hello and Welcome!

We would like to welcome everyone to our annual production sale. Where do we begin with 2020? While there are plenty of pieces we'd all like to forget, I'm choosing to focus on the positives instead. While it was officially the driest year on record for our part of ND, we had plenty of sub-soil moisture to get the grass growing and then it hardened up, allowing the calves to really explode on grass this summer. We got to spend a lot of time together as a family this year, and some of us got to brush up on our 4th grade math skills. Events were postponed, and cancelled, and things look a little different than they used to. No matter what changes and challenges life may toss at us, the one thing that is always constant is that good, hard working cattle will pay the bills. We all ask a lot from our cattle, and more people are recognizing that Gelbvieh females are some of the hardest working mamas in the industry.

We understand that COVID is on everyone's mind these days, and we'd like to assure you that we will do our best to provide a safe environment for the sale. We do ask that you practice common sense social distancing for the safety of all in attendance. Your safety, and the safety of our sales staff and all in attendance, are of our utmost concern. If you aren't comfortable attending the sale in person, we would be more than happy to arrange a time for you to view the bulls in person, and help you make your purchase over the phone or internet.

This year we are offering the first sons of our new herd bull additions. We place a large emphasis on keeping our genetics fresh so we can continually offer fresh bloodlines that will work for our customers. We tend to say it every year, but the set of bulls we have to offer this year is the strongest, most consistent group of bulls we've ever had on the ranch. We are incredibly proud of these bulls, the way they've developed, and the future in front of them. Our goal is to provide you with genetics that not only make you money, but bulls you'll be proud to have walking your pasture.

Klint and Maralee Sickler Family

701-690-6977 (cell)

We continue to use the mineral and feed programs developed for us by our nutritionists at Biozyme. The bulls are grown on a forage based ration that allows them to grow at a rate of 3 to 3.5 pounds per day, while still keeping them fresh and not getting overly fat. This has also allowed us to keep them on the same mineral program from conception through sale day. We continue to be impressed by their performance, and their ability hold together when they hit the pasture.

The sale will again be held at the sale facility at Klint & Maralee's. All cattle will be sold by video, with the bulls available for viewing within feet of the sale facility. No live animals will be entering the building. We will have the videos available for viewing on our website www.prairiehillsgelbvieh.com approximately 2 weeks before the sale. Any supplemental sale information will also be posted on our website. The animals will be available for viewing beginning at 12PM on Friday, February 12th, and 9AM Saturday, February 13h.

This year the sale will be broadcast on the internet through DVAuction.com. Please make sure you're approved prior to the sale if you'd like to bid online. We will also have people available if you choose to bid over the phone. Please contact Klint or Galen in advance so arrangements can be made.

We would again like to thank everyone for their support over the last 36 years. Please stop by anytime to tour through the sale offering and cow herd. If you have questions on any of the animals, please don't hesitate to contact Klint or Galen.

PRAIRIE HILLS Gelbvieh
ANNUAL BULL SALE

SATURDAY, FEBRUARY 13, 2021
1:00 P.M. (MST)
AT THE RANCH
DICKINSON, NORTH DAKOTA

SELLING 47 PUREBRED GELBVIEH, BALANCER & RED ANGUS BULLS

SALE DAY CONTACTS
Prairie Hills Gelbvieh – 701-483-5250
Klint Sickler – 701-260-1853

Galen Sickler – 701-690-6977

AUCTIONEER
Jay Elfeldt: 308-293-3049

RING SERVICE
Jared Murnin – Western Ag Reporter – 406-321-1542
James Odermann – Special Assignment – 701-575-4767
Dan McCarty – Special Assignment – 970-481-5217

SALE DAY MEAL
A complimentary meal is provided by Prairie Hills Gelbvieh on sale day at noon at the Prairie Hills Gelbvieh sale facility.

SUPPLEMENT SHEET:
All weights, scrotal measurements, and other supplemental material will be posted to the PHG & DVAuction websites the week of the sale. A supplement sheet will also be available sale day.

VIEWING OF SALE CATTLE:
Bulls will be available for viewing any time prior to the sale. Cattle will be ready for viewing by 9AM on sale day.

ONLINE BIDDING:
Buyers who are unable to attend the sale may register and bid live online at www.DVAuction.com, complete details on page 4 of the sale book.

TERMS AND CONDITIONS:
Terms are check or cash. All cattle sell under the standard terms and conditions recommended by the American Gelbvieh Association. A copy of the terms and conditions may be obtained from the AGA, or Prairie Hills Gelbvieh.

HEALTH INFORMATION:
All cattle sell with a valid health certificate that will allow shipment anywhere in the continental United States. All cattle are guaranteed to meet health requirements to ship to Canada.

REGISTRATION PAPERS:
All registration papers on the animals selling are in order and will be transferred to the new owner. Papers will be mailed by the AGA or ARAA and should be to the new owner in 30-45 days.

EPDS:
All EPDs are provided by the American Gelbvieh Association or American Red Angus Association and are current as of January 1, 2021. Weaning weights provided in the catalog are adjusted weights that have been calculated by the respective associations.

DNA:
All bulls selling have been sire verified and have full DNA profiles available, with genomically enhanced EPDs published in the catalog. We have also tested all bulls for homozygous polled and homozygous black, with results printed in the catalog. All testing was done through Geneseek.

LIABILITY:
All persons attending the sale do so at their own risk. Prairie Hills Gelbvieh assumes no liability for accidents, theft, injury, disease, or damages occurring at the sale site.

COVID-19:
PHG asks that you practice social distancing while attending the sale. Every effort will be made to provide a safe environment for all attendees. If you aren't comfortable attending sale day, please contact Klint or Galen and we will help make arrangements for you to view the bulls and bid from home.

STORM DATE
FEBRUARY 15, 2021
IN CASE OF INCLEMENT WEATHER, CHECK WWW.PRAIRIEHILLSGELBVIEH.COM FOR DETAILS.

SPECIAL THANK YOU
We'd like to say a special "Thank You" to everyone who helps us throughout the year. Our success wouldn't be possible without you! Especially:

Luke & Amanda Vangsness
Sandy Martsching
Jonah Honeyman
Cade Kralicek
Cheech Holznagel
Bailey Frieze
Wyatt Devries

The folks at Ranch House Designs for making us look good!

Directions to Prairie Hills Gelbvieh • *From Dickinson, ND*
North on Hwy 22 – 15 miles to 23rd St SW (mile marker 85) • East on 23rd St SW – 7 miles to 101st Ave SW
North on 101st Ave SW – 1 mile to 22nd St SW • West on 22nd St SW – 1.5 miles

VIDEO AUCTION SALE PROCEDURE:
All animals selling will be penned at the sale facility. The auction will be conducted inside the sale barn at Prairie Hills Gelbvieh. A video of each animal will be played on large screen displays as the respective animal sells. Cattle will not come into the sale ring. Please arrive early to view the sale offering.

ONLINE VIDEO VIEWING:
Videos of each lot will be available for viewing on the PHG website (www.prairiehillsgelbvieh.com) approximately 2 weeks before the sale.

DELIVERY:
We will deliver all purchases for free within 300 miles of the ranch. We will try to coordinate deliveries between multiple buyers so bulls can be delivered conveniently and efficiently to the buyer. We offer a $50 discount if you haul your purchase home the week of the sale.

FEEDING:
We will feed all purchases free of charge until April 1st. Bulls can be left after this date and fed for $3 per day until delivery.

HERD HEALTH:
Bulls have received all appropriate vaccinations and any applicable boosters. All animals have also received Ivomec pour-on prior to sale day.

INSURANCE:
We will make every effort to manage any bulls left in our care in the same manner we manage our own herd bulls, however we understand that accidents do happen. All animals become the responsibility of the buyer after the purchase. We highly recommend insuring your purchase. Please contact Jonah Honeyman with American Insurance to discuss available options – 701-690-1013.

BREEDING SEASON GUARANTEE:
All bulls are sold as guaranteed breeding animals. We will semen test any bulls left in our care in mid-March. If you haul your purchase home before that date, we encourage you to have a breeding soundness exam completed before that date. Any bull failing a semen test, or shown to be a non-breeder will be replaced if possible, or the buyer will receive a credit (not to exceed the purchase price of the animal), minus salvage value, towards a purchase within the next year.

INTERNATIONAL SALES:
Prairie Hills Gelbvieh is experienced in transporting animals across the Canadian border and will assist in that transaction. All fees associated with that (brokerage, health testing, etc) are the responsibility of the buyer.

What an absolute stud to lead off our 2021 sale offering! I don't care if you're a commercial breeder, or a seedstock producer, you need to have a checkmark next to this guy come sale day. You can drive around the country and you're not going to find a red bull with pedigree, performance, and phenotype like H52. Talk about a pedigree that's loaded for success - mama carries a weaning ratio of 105 on her first 3 calves and has already reached Dam of Merit in her first year of eligibility. Last years daughter was a member of our NWSS Champion Pen of 3, so there's plenty of consistency on the cow side as well. He's sired by the renowned Exact Combination bull who needs no introduction at this point. Calves like this are why we are so excited about EC. I can go on all day long, but I can sum it up by saying that this guy is legit. Don't miss out here! **SELLING FULL POSSESSION, 1/2 SEMEN INTEREST.**

Heavy Duty H46 is a bull who certainly lives up to his name. Exact Combination on top of a 2 time Dam of Merit Sucker Punch daughter - he's a great combination of power and eye appeal! Mama carries a 108 weaning ratio over her first 4 calves, with a sister to this guy in the replacement pen, and another working at Gustin's Diamond D. If you're wanting to add pounds to your calves, add some 'look', and take your black program to the next level, pay attention to Lot 2.

PHGH68 | AMGV1481645 | 3/11/2020 | PB 92.2% GELBVIEH BULL

When you take one of the best cows in the herd, and breed her to the best bull in the country, the expectations are pretty high! Lot 3 comes from one of our former donor females in 716T. She's got 25 calves recorded to her, with a 105 weaning ratio. Not shabby! This guy might be a little younger than some of his big brothers, but he can certainly run with the big boys! He'll be easy to find on sale day, make sure to look him up!

Hagrid H07 has been an absolute stand-out all summer long. I've been excited about this calf since he hit grass in May. Incredibly soft made, backed by a Dam of Merit, and hair for days, he's a stud. Combine his 76 pound birthweight with a top 25% BW EPD, and he's got potential on heifers and cows. Finding the scurs on his head was a sad day, but bulls like this are worth the gamble! I'd venture to say Lot 4 is one of the best EC sons I've ever seen. He would have made the trip to Denver on a normal year. You'll find this guy sale day, he's hard to miss!

Lot 12 is the only Secretariat son we have to offer this year. Secretariat was added to our bull battery for his calving ease, but he is adding a tremendous amount of rib and capacity to his calves as well. His first daughters highlighted our fall female sale, averaging $4650 on 3 heifers. If they are any indication of what this guy can do, you will love his daughters. Expect H99 to add depth to his calves, as well as calving ease on larger framed heifers or cows.

Wow! That's about all you can say to describe Hamilton H10. If you're looking for that red outcross bull with calving ease, dimension, and a killer phenotype, just stop and take a hard look at Lot 13. Everyone who has seen him has described him as the best looking Cornhusker Red son they have ever seen. We purchased his dam as an open heifer from the Cranview program and she hit it out of the park with her first calf. Incredibly soft made, deep ribbed, and a rockstar profile make this guy hard to miss in the pen. Top 10% for BW and top 4% for CE tell you he's going to moderate the birthweights. This is as close as you can get to a sure thing! Homo Polled! **SELLING FULL POSSESSION, 1/2 SEMEN INTEREST**

Some people say there will never be a red purebred bull that combined calving ease and performance as well as Cornhusker Red. To those people, we say "Hold My Beer..." Talk about a bull that combines calving ease, performance, length of body, and EPDs in the top 20% of the breed. An actual BW of 81 pounds, exploding to 881 at weaning doesn't just bend the curve, it redefines it! We think awful highly of this bull, and he's sure to be a favorite come sale day! **SELLING FULL POSSESSION, 1/2 SEMEN INTEREST**

HOMOZYGOUS POLLED | **RED**

This dark red prospect leads off the Howard sire group. Howard calves are quickly establishing themselves as high performance, long bodied, smooth made red cattle, and Lot 12 fills that mold. Check out the length of body he has, while still being deep middled and wide topped. His dam is a great made Bakken daughter who brings in a top end calf every year. Our first Howard daughters will be calving in the next month and they show all the signs of being the 'right kind'. Don't forget to check the numbers - top 25% or better in 11 traits!

H29 is a calf that we've had our eye on all summer. He's defintely been a stand-out in pasture, but it helps when you're the brother to PHG Gabby G54 - the sale topping heifer from last years sale for $14,500 to Kittle & French Farms. This guy would have been on the show list this year, but he lost the switch to his tail out on pasture. Packed full of beef, but still has that something special to make him stand out in a crowd. The proof is in the pudding here.

Lot 30 is the only red Paycheck calf this year, and holy cow, take a look at this big boy! 1002 pounds off the cow in October. That's not a typo! He hasn't slowed down either, gaining 4.2 pounds per day since weaning. It's easy to see why his mama reached Dam of Merit status her first year of eligibility. If you've got larger framed cows and you really want to get the neighbors talking when you sell your calves, put this guy out with your ladies this summer.

Sometimes when a mating works, you just keep going back to the same well. Hulkster's two full brothers have been bull futurity candidates, and H55 could have been the 3rd. His full brother was the high selling bull in our 2020 sale to Dynneson's in Montana. Check out the middle on this guy. Soggy made, wide topped, and EPDs in the top 20% for performance and carcass - he's the cowmans kind!

This guy will be easy to find on sale day, Holy cow! If his picture doesn't get your attention, he certainly will in person. We sold PHG Firebird F33 to Mark Hopfer and John Carrel in our 2019 sale and he's made quite the impact in his first calf crop! Lot 35's dam was the high selling female in the inaugural "Rockies to the Pacific" sale in 2019, and Hardin was the calf she was carrying. A Firebird sired sister was the high selling female in the 2020 edition of the same sale. Firebird himself comes from our super-donor - PHG Betty B57. Donor cow power on the top side, and Hardin's mama has donor in her future as well. Hardin checks a lot of boxes, and on paper has potential to work on heifers or cows. He does have small pencil top scurs.

How You Doin? In the case of Lot 38, it's not just a question, it's a statement! An absolute stand out since birth, we had H48 marked as our futurity bull for Denver this year. When Stock Show got cancelled, those plans flew out the window. I think he would have been very competitive - awesome looks, moderate birth, an 827 weaning, and EPDs that are exactly where you want them in every category! Let's call him what he is - a dang good bull that will work on cows and heifers, add performance, and carcass in the top 20% of the breed. The first Black Out calves ratioed 102 for REA, 146 for IMF (4.175!), and 131 for Fat at ultrasound, so the carcass numbers are legit as well. Homo Black and Homo Polled is just icing on the cake! This guy is the definition of a herd changer, and they don't come along every day. **SELLING FULL POSSESSION, 1/2 SEMEN INTEREST.**

We purchased the dam of lot 44 out of the ND Golden Rule sale as an open heifer from Bohrer Gelbvieh. The decision was an easy one - we sold her great grand dam to them in 1995 and she has made a tremendous impact on their program over the years. When we finally had the opportunity to add her influence back to our herd, it was a no brainer. Check out the effort from this first calver - 76 at birth, 857 at weaning, and nearly ever EPD on the right side of average!

GELBVIEH & BALANCER®

Smart. Reliable. Profitable.

Gelbvieh and Balancer® genetics offer more pounds of calf weaned, added fertility, and greater cow herd longevity.
